

MAXLIGHT OŚWIETLENIE 2024

„Uwielbiam piękne wnętrza i przedmioty wykonane z dbałością o najdrobniejszy detal.

Będąc częścią zespołu Maxfliz, na co dzień miałam kontakt z twórczością najlepszych projektantów, zarówno na polskim, jak i międzynarodowym rynku. Jednak moją największą fascynacją okazało się oświetlenie. Dobrze dobrane potrafi odmienić charakter wnętrza, a lampy zaskakują swoimi niecodziennymi formami. Nie bez powodu mówi się, że są biżuterią wnętrza!

Z tej pasji i doświadczenia powstał Maxlight: marka, która łączy inspiracje najlepszym światowym designem z jakością i niezawodnością. A marzenie, by nie tylko podziwiać wyjątkowe projekty, ale także tworzyć je, właśnie się spełnia – dzięki wysiłkom całego naszego zespołu.

Jestem szczęśliwa i dumna.”

Katarzyna Kurlęto
Kreatorka marki Maxlight

Rodzaje systemów szynowych

Types of track systems

1

ON/OFF

Podstawowa opcja, w której system szynowy działa jak tradycyjne oświetlenie. Oprawy umieszczone na szynie włącza się za pomocą tradycyjnego przełącznika na ścianie. Do systemu ON/OFF przeznaczone są oprawy z oznaczeniem **N**.

*The basic option in which the rail system works like traditional lighting. Fixtures placed on the rail, it turns on using the traditional one switch on the wall. Down ON/OFF system, luminaires with the **N** marking are intended.*

2

ZIGBEE/TUYA

Każdą oprawą można sterować za pomocą smartfona, również za pośrednictwem komend głosowych. Dostępne są m.in. takie funkcje jak przyciemnianie, zmiana barwy światła, czy łączenie lamp w grupy. System opiera się na łączności przez Zigbee. Przeznaczone są do niego oprawy z oznaczeniem **Z**.

*Each luminaire can be controlled using a smartphone, also via voice commands. Accessible are, among others, functions such as dimming and color changing lights, or combining lamps into groups. The system is based on Zigbee connection. Fixtures are designed for it with **Z** marking.*

OPRAWY W TYM SYSTEMIE WYMAGAJĄ ZASTOSOWANIA BRAMEK!
LUMINAIRES IN THIS SYSTEM REQUIRE THE USE OF GATES!

3

DALI

Pozwala podzielić oprawy na grupy, którymi można zarządzać oraz daje możliwość ściemniania opraw. System ten wymaga stworzenia nowej lub dostosowania obecnej instalacji elektrycznej. Na ścianie umieszczamy urządzenie sterujące, które pozwala na cyfrowe zarządzanie światłem. Do systemu DALI przeznaczone są oprawy z oznaczeniem **D**.

*It allows you to divide the luminaires into manageable groups and allows you to dim the luminaires. This system requires the creation of a new or adaptation of the current electrical installation. We place a control device on the wall that allows for digital light management. Luminaires marked **D** are intended for the DALI system.*

KĄTOWNIK. MONTAŻ NA SUFIT
LUB ŚCIANĘ. DO MT0006, MT0007
corner 90° for MT0006, MT0007

MT0009
KĄTOWNIK DO UŻYCIA
PRZY USKOKU NA SUFICIE.
DO MT0006, MT0007
*ceiling/upceiling corner
for MT0006, MT0007*

Szyna głęboka ma głębokość 5cm i jest montowana na suficie, ścianie lub linkach stalowych jako system wiszący. Jest kompatybilna z każdym typem adaptera i zasilacza. W komplecie posiada przysłonę.

The deep rail is 5 cm deep and is mounted on the ceiling, wall or cables steel as a hanging system. It is compatible with any type of adapter and power supply.

Szyna płytka ma głębokość 2,8 cm i jest montowana na suficie, ścianie lub linkach stalowych jako system wiszący. Zasilacz wewnętrzny oraz adaptery niektórych opraw są wyższe i nie będą się licowały z szyną płytką. W komplecie posiada przysłonę.

The shallow rail is 2.8 cm deep and is mounted on the ceiling, wall or cables steel as a hanging system. Charger internal and adapters of some fixtures are higher and will not fit together with a shallow rail. It includes an aperture.

Szyna podtynkowa jest wpuszczana do sufitów podwieszanych, ścian karton-gips. Licuje się z ich powierzchnią. Kompatybilna z każdym typem adaptera i zasilacza. W komplecie posiada przysłonę.

The flush-mounted rail is recessed into suspended ceilings, plasterboard walls. It is flush with their surface. Compatible with any type of adapter and power supply.

SKORZYSTAJ Z AUTORSKIEGO KONFIGURATORA MAXLIGHT MAGNETIC

Try out Maxlight's Magnetic configurator

Zbudowanie magnetycznej instalacji szynowej nie jest trudne. Z pomocą przyjdzie Ci nasz konfigurator, w którym dobierzesz odpowiedni system, kształt i wymiary dopasowane do Twojego projektu. To narzędzie przeliczy wszystkie elementy, których będziesz potrzebować. Po konfiguracji otrzymasz kompletną listę produktów. Zanim zaczniesz projektować instalację, poznaj dostępne opcje i sprawdź, która najlepiej pasuje do Twojej przestrzeni.

Building a magnetic track lighting system is not difficult. Our configurator will assist you in selecting the appropriate system, shape, and dimensions tailored to your project. This tool will calculate all the elements you will need. After configuration, you will receive a complete list of products. Before you start designing the installation, familiarize yourself with the available options and determine which one best suits your space.
